Comments	As a Parish council, we note that the issue of privacy has need raised by an adjoining property. We note that the current window can be opened at preset, so the issue of privacy could be said to be already compromised regardless of whether there is obscured or plane glass. Also section 5 of the application infers that the window does not contravene planning regs. We could ask the allocated planning office to consider the original application and this one with regard to the above aspects.
