Comments	Birlingham Parish Council would not like to see a retrospective planning application becoming the normal, however, in this instance we see no objection to the new secure storage shelter. With regard to the ? open fronted? building also proposed, it refers to this building replacing one that was storm damaged on the site. We would rely on the appointed planning officer to confirm this is the case and identify the previous storm damaged building and ensure this has been removed from the site as implied.
