[redacted]

We would like to add as the Birlingham Parish Council:

**5-year housing land supply:**

South Worcestershire Development Plan as how been formally approved/signed off by the planning Inspector. This plan demonstrates a 5-year residential land supply plus an additional 5% surplus/margin. This Plan will then be adopted by the Local authorities during the week commencing 23rd March 2026.

We consider this to be a substantive material consideration, and the applicant's assertion that "the Local Authority having not proved in public that it has a 5-year housing land supply" is incorrect.

Kind regards

June Hiden
Clerk
